

<p>This award explores the world of coding or computer programming. Once you know how to code, you can teach a computer to perform programs that help you in many ways. These programs can be coded in a programming language such as App Lab -https://code.org/educate/applab</p>										
<p>6. For the three programs you wrote for requirements 4 and 5, explain to your counselor how each of your programs works and why you chose the particular instructions and variables that you did.</p>										
<p>7. Do ALL of the following requirements.</p>										
<p>7A. Visit a company/school/institution where computer programs are being developed.</p>										
<p>7B. Talk to someone there about how they use coding in their work. Write down at least five questions to ask the person you visit and review the answers with your counselor</p>										
<p>7C. Discuss with your counselor how coding is being used at the destination you visited.</p>										
<p>8. Discuss with your counselor how coding affects your everyday life, and what you have learned while working on this Nova.</p>										
<p>Completed</p>										
<p>Presented</p>
