

FIRST AID MERIT BADGE REQUIREMENTS

Additional requirement sheets and helps are available from ScouterMom.com.

1. Demonstrate to your counselor that you have current knowledge of all first-aid requirements for Tenderfoot, Second Class, and First Class ranks

2. Explain how you would obtain emergency medical assistance from:

2a. Your home

2b. An activity on open water

3. Define the term triage. Explain the steps necessary to assess and handle a medical emergency until help arrives.

4. Explain the universal precautions as applied to the transmission of infections. Discuss the ways you should protect yourself and the victim while administering first aid.

5. Do the following:

5a. Prepare a first-aid kit for your home. Display and discuss its contents with your counselor.

5b. With an adult leader, inspect your troop's first-aid kit. Evaluate it for completeness. Report your findings to your counselor and Scout leader.

6. Describe the early signs and symptoms of each of the following and explain what actions you should take:

6a. Shock

6b. Heart attack

6c. Stroke

7. Do the following:

7a. Describe the conditions that must exist before performing CPR on a person. Then demonstrate proper CPR technique using a training device approved by your counselor.

7b. Explain the use of an automated external defibrillator (AED). Identify the location of the AED at your school, place of worship, and troop meeting place, if one is present.

8. Do the following:

8a. Show the steps that need to be taken for someone who has a large open wound or cut that is not bleeding severely

8b. Show the steps that need to be taken for someone who has a large open wound or cut that is severely bleeding

8c. Tell the dangers in the use of a tourniquet and the conditions under which its use is justified

9. Explain when a bee sting could be life threatening and what action should be taken for prevention and for first aid.

10. Describe the signs and symptoms and demonstrate the proper procedures for handling and immobilizing suspected closed and open fractures or dislocations of the

10a. Forearm

10b. Wrist

10c. Upper leg

10d. Lower leg

10e. Ankle

11. . Describe the signs, symptoms, and possible complications and demonstrate care for someone with a suspected injury to the head, neck, or back.

12. Describe the symptoms, proper first-aid procedures, and possible prevention measures for the following conditions:

12a. Anaphylaxis/allergic reactions

12b. Bruises

12c. Sprains or strains

12d. Hypothermia

12e. Frostbite

12f. Burns—first, second, and third degree

12g. Convulsions/seizures

12h. Dehydration

12i. Muscle cramps

12j. Heat exhaustion

12k. Heat stroke

12l. Abdominal pain

12m. Broken, chipped, or loosened tooth

13. Do the following:

13a. Describe the conditions under which an injured person should be moved

13b. If a sick or an injured person must be moved, tell how you would determine the best method. Demonstrate this method.

13c. With helpers under your supervision, improvise a stretcher and move a presumably unconscious person.

14. Teach another Scout a first-aid skill selected by your counselor.
