

You hear a tornado siren while playing outside.	You see lightning while hiking on a trail.	Heavy rain starts and water is rising in the street.
It starts to hail during a baseball game.	A thunderstorm starts while you're swimming.	You hear on the news that a hurricane is coming.
You're walking home and see dark clouds and strong winds.	You're in a car during a thunderstorm.	The power goes out during a snowstorm.
You see a funnel cloud in the distance.	It's very hot and you're playing outside.	You're camping and hear thunder in the distance.
You're on a hike and it suddenly starts snowing.	You see flash flooding signs while riding in a car.	You're at school and there's a weather drill.
You're outside and feel your hair stand up from static.	You see a rainbow but it's still raining.	You're in a park and it gets very windy.
You're riding your bike when the sky turns dark.	You hear on the radio that a blizzard is coming.	A tree falls down during a storm.
Your basement is filling with water from rain.	Your tent is shaking from strong wind.	You're walking a dog and thunder starts.
You see ice forming on roads while driving.	A weather alert pops up on a phone.	You're on a field trip and the sky gets dark fast.
The fire alarm goes off during a storm.	You're in bed and the weather radio goes off.	You're outside and your clothes are soaked in cold rain.
