

Reduce, Reuse, Recycle

Divide the audience into three sections. When you point to the first section, they yell "Reduce!" When you point to the the second section, they yell "Reuse!" When you point to the third section, they yell "Recycle!" Continue pointing, going faster and faster.

Solar Power

Use your hands and arms to make the circle above your head to represent the sun, then say "Solar Power Up!" while pointing to the sky

Noise Pollution

Everyone yells as you raise your hands. As you lower your hands, the noise goes down. Continue raising and lowering. Then put your hands very low until everyone is completely quiet.

Wind Power

Use one arm and hand to make a large circular motion like a windmill turning, while everyone makes a wind sound like "Whoooo, Whooo, Whooo".

Clean Air

Breathe in a deep breath of air. Then exhale saying "Ahhhhh...."
Finish with "Clean air!"

Ocean Waves

Stand in rows. Have the first row sway one direction and the second row in the opposite direction to imitate waves. Continue the pattern or the rest of the rows. Once they get the pattern right, have them say "Swoosh, swoosh, swoosh".
