

Patriotic Napkin and Utensil Holder

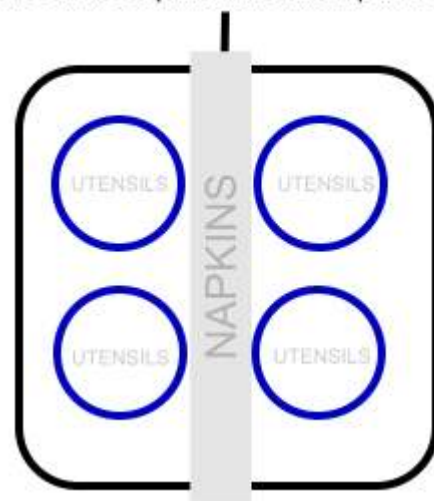

Materials

- Four empty toilet paper tubes
- Construction paper - red, white, and blue
- One 6" x 6" piece of stiff cardboard
- Scissors
- Glue
- Four small, clean plastic lids (like milk carton lids) which will fit inside the tubes.
- Hot glue gun

Instructions

1. Cover the top 1/3 of each tube with blue construction paper.
2. Cover the bottom 2/3 of each tube with red construction paper
3. Cut some small stars out of the white construction paper and glue them onto the blue parts of the tubes.
4. Cut some stripes out of the white construction paper and glue them on the red parts of the tubes.
5. Hot glue the four lids onto the square of cardboard as shown, with the flat sides down.
6. Put the tubes over the lids and hot glue as necessary to hold them in place.
7. Put your utensils in the tubes and stand your napkins up in the space between the tubes.

Leave about a one inch space between the tubes. The napkins will stand up in here.

Notes

If you are doing this with young Scouts, an adult should use the hot glue gun. Webelos will appreciate the danger and excitement of using the glue gun.
