

## ***Patrol Grubmaster***

You are the Grubmaster for the outing on \_\_\_\_\_

You are responsible for purchasing food for **our patrol**, packing it in boxes and coolers, and getting it to our meeting location when the patrol is leaving for camp.

Get the menu from your patrol leader. Include two copies of the menu with the food so the patrol knows what to cook. Your budget is about \$15 per camper from your patrol. Adjust the menu if necessary to stay in budget. Turn in receipts to the Treasurer no more than 14 days after the campout.

**You don't have to go on the campout to be Patrol Grubmaster.**

## ***Patrol Transportation Coordinator***

You are the Transportation Coordinator for the outing on \_\_\_\_\_

You are responsible for finding enough drivers to and from camp for **our patrol**. Don't forget that the drivers need to have enough space for all of the campers from our patrol, their personal gear, the patrol gear, and the patrol food.

Check with the Patrol Grubmaster and the Patrol Quartermaster to find out how much space will be needed for food and gear.

## ***Patrol Quartermaster***

You are the Patrol Quartermaster for the outing on \_\_\_\_\_

You are responsible for checking and organizing the gear for **our patrol** for the campout. This includes the tents, tarps, the patrol box, lanterns, stove, propane, table, water containers, dining fly, etc. Tents must be checked beforehand to ensure that they have all of their parts.

The gear must be organized for the campout so it can be loaded for transportation. It is recommended that you meet with the patrol when they are leaving so you can ensure that they have all necessary gear.

You are also responsible for ensuring that the equipment is reorganized and cleaned (if necessary) and returned to its assigned location in the locker. Tents and tarps must be completely dry before returning them to the locker.
