

Tin Can Lanterns

Materials

- clean empty can
- black marker
- hammer
- nail
- votive candle

Instructions

1. Using the marker, draw a pattern on the can in dots.
2. Hammer through every dot
3. Place the votive candle inside the can.
4. With an adult, light the candle.

Notes

- It might help to draw a practice design on paper first.
- Remind the Scouts that they should only light the candle with adult supervision
- Use different sized nails to get a more complex design.
