

Chess Terminology Scramble

Unscramble the words:

- _____ anwp The _____ moves straight ahead (never backward), but it captures diagonally. It moves one square at a time, except on its first move, when it has the option of moving forward one or two squares.
- _____ euneq The _____ is the most powerful piece. It can move any number of squares in any direction if her path is not blocked.
- _____ ihspob The _____ can move any number of squares diagonally if its path is not blocked.
- _____ eisngR To concede loss of the game. The traditional way to _____ is by tipping over one's king.
- _____ okor The _____ can move any number of squares vertically or horizontally if its path is not blocked.
- _____ ngithk The _____'s move is special, as it can jump over other pieces. It moves two squares horizontally or vertically and then makes a right-angle turn for one more square. The _____ always lands on a square opposite in color from the color of the square it left.
- _____ ignk The _____ is the most important piece. The object of the game is to capture the opponants _____. The _____ can move one square in any direction.
- _____ ttmlaeas A position in which the player whose turn it is to move has no legal move and his king is not in check. A _____ results in an immediate draw. The game ends without victory for either player.
- _____ ehkcc _____ is when the King is in a position such that he is threatened with capture.
- _____ htmcekeac _____ is when the King is in check and there is no way to escape.
