

HALLOWEEN PICTURE BINGO

This set of bingo cards was created using A2Z Flash 'n Bingo and the Halloween word list.

This file contains:

- A set of call cards with each picture in the set
- Ten bingo cards with Halloween related pictures on them
- These instructions

If you need to create additional cards, you can create them by downloading these two files:

A2Z Flash 'n Bingo

<http://www.a2zware.com/products/a2z-flash-n-bingo/>

Halloween Word List:

<http://www.a2zware.com/2011/10/04/halloween-picture-list-and-bingo-cards/>

To use this bingo set:

INSTRUCTIONS

1. Cut the call cards apart so you have 18 cards.
2. Distribute the bingo cards to the players. Each player should have one bingo card.
3. Distribute markers to the players. Suggestions for markers include pennies, small squares of paper, small pieces of candy, etc.
4. Place the call cards in a small bowl or container
5. Randomly pull one call card from the container. Describe the picture on the call card and show it to the players.
6. If a player has the picture his card, he should cover it with a marker.
7. Continue drawing cards and calling pictures.
8. When a player has three squares in a row covered (across, down, or diagonal) he shouts "BINGO". He wins that round. If you want to, you can check his card against the call cards in the "called" pile.
9. To play another round, players should simply clear all of the markers off of their cards and start again at step 4.
